Subject: Re: Energy West Mining Co 118430

Linda,
Thank you very much for making these updates. I would like to send you future Energy West changes and let you make the updates, since PacifiCorps holds the Utah permit and does operate interstate.
Priscilla

Hi Priscilla,
I made the updates on this company. It changed the viols from 18 to 2.
Since these people ended so long ago it is most likely fine.
I did add Pacificorp as a shareholder 100%. It was in there and ended in 92 by Utah so I am not sure why.
This is a Utah only company so if you want to make the updates it is unlocked and that is fine. I do not mind to make them though.
I am done with this set.
Thanks!
